

# GREVEN® OLEO TEC

**Protective Cream against Oil-Soluble Working Materials**  
e.g. oil, water-insoluble cooling lubricants, cutting oil  
and other oily substances

- reduces skin stress
- O/W emulsion
- silicone-free
- perfumed
- contains glycerine and beeswax

**Healthy Skin. Safe Work.**

## Application Area

GREVEN® OLEO TEC is suitable for the protection against water-insoluble workplace substances, e.g. oil, water-insoluble cooling lubricants, cutting oil and other oily substances.

## Product Description

GREVEN® OLEO TEC is a special protective cream against oil-soluble workplace substances. The O/W emulsion is free from silicone oil and does not leave a greasy film on work pieces and tools.

## Product Properties

- The basis of the cream is an emulsion type that provides the best protective properties due to its inherent structure.
- The external water coating of the emulsion particles repels oil-soluble workplace substances.
- GREVEN® OLEO TEC contains layer silicates as an indifferent barrier, forming a protective film on the skin which can only be penetrated with great difficulty by organic workplace substances.
- These functions are supported by vaseline and beeswax as well as by algin, a natural polysaccharide from algae extracts.
- Lipid-balancing substances have an additional caring effect on the skin.

## Composition according to INCI

AQUA, TALC, KAOLIN, OCTYLDODECANOL, PETROLATUM, GLYCERIN, CETEARYL ALCOHOL, CERA ALBA, ALGIN, HAMAMELIS VIRGINIANA WATER, SODIUM LAURYL SULFATE, SODIUM CETEARYL SULFATE, BUTYLENE GLYCOL, PHENOXYETHANOL, METHYLPARABEN, ETHYLPARABEN, PARFUM.

## Application

Before work and after breaks, apply GREVEN® OLEO TEC carefully on the skin, which previously has been cleaned thoroughly and dried carefully. Rub in the cream evenly, paying particular attention to vulnerable areas such as between the fingers and around the nails. Reapply after longer work intervals. The product should not get into the eyes.

## Certificate of Dermatological Compatibility

The dermatological compatibility of GREVEN® OLEO TEC has been carefully tested and proven. A printed certificate is available.

## Coating Compatibility

The Fraunhofer Institute for Manufacturing Engineering and Automation confirms the general coating compatibility of GREVEN® OLEO TEC.

## Statutory Regulations

GREVEN® OLEO TEC is subject to the Regulation (EC) No 1223/2009 on cosmetic products. Further details on handling the product can be obtained from the Group Data Sheets for skin products (for occupational use).

## Storage Instructions

The product will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each tube / bottle.

## Packaging Sizes

Article No	Size	Pieces / PU
12952014	100 ml tube	50 tubes
12952003	2000 ml collapsible bottle	6 bottles
