## Application Area

GREVEN<sup>®</sup> SOFT B/RS is a skin cleansing lotion for medium to heavy dirt. The 2 in 1 shower gel is suitable for combined body and hair cleansing.

## Product Description

The green-coloured, slightly-perfumed cleansing lotion has very good cleaning properties and a good skin compatibility.

## Product Properties

- The surfactant combination has been carefully selected and guarantees a thorough but gentle skin cleansing.
- The conditioning character of the product is essentially influenced by the contained lipid-balancing ingredients. Caring additives such as allantoin guarantee good skin compatibility.
- The contained hydrolyzed rice protein is of vegetable origin and reduces electrostatic charging by neutralizing the surface charge (e.g. of hair). Thus, it makes the hair easier to comb. In addition, it keeps the skin in good condition.
- The pH-value of the product has been adapted to the natural acid mantle of the human skin, which in its functions is not affected by the product.
